## Wow Moments

Dear Parents/Carers

We are aware that outside of school children achieve so many great things that we often don't get to hear about. As you are aware your child has their own online learning journey (Tapestry), which over the year celebrates their achievements in school.

We would also like to include contributions from you. In this pack there are some personalised 'wow' moment slips for you to record 'outside of school' achievements, you are also welcome to add learning and achievements to Tapestry.

Here are some examples;

- \*Learning to swim without arm bands
- \*Cooking at home
- \*Being kind/helpful
- \*Dressing themselves
- \*Achievements in out of school club
- \*Cycling without stabilisers

All contributions will be valued in class and will contribute to child's learning journey.

We would ask you to send the slips in your child's hand, dated please! Encourage your child to show them to their class teacher so that their achievements can be celebrated in circle time.

We look forward to hearing all the super things that are happening at home.

Many Thanks,

Foundation Stage Team
