

Fractured Fairy tales...Hooks and Celebrations!

To launch into our topic we have a visit from a mystery creature that turns out to be the Big Bad Pig.

We urgently need to help the Fairy Tale Police Department to catch him so we write a wanted poster and instructions on how to catch him. We then re-write the story of the Three Little Wolves and the Big Bad Pig with our own twist.

In design and technology we are set a challenge to design and make a prototype shoe for 'The House of Cinders' fashion label. Our challenge is to tailor the shoe to a fairy tale character we know! We use papier-mâché to add extras to an existing shoe and then paint, applying colour mixing, and added detail using decoupage.

We work on our staying power and concentration by running every day! We add up our miles and see all the different places we travel to in the world.

At the end of the topic we all dressed up as a fairy tale character and created props to go with our fancy dress. We did a fairy tale parade to show off our fantastic creations.
