

Where in the World are the Superheroes?

Hooks and Celebrations!

In Art and Design and Technology we design and make our own superhero badges using Binca. We get to practise our sewing skills.

We love designing and making our own capes for our superhero costumes!

Dear Year One

Thank you ever so much for your brilliant maps! I used them to get me safely to England. I am so sorry that I didn't get to you very quickly. I saw some whales on the way which I wanted to look at!!!

Lightning Lowden, Power Parry & Chameleon Kirby transported your letters to me and I turned the engine on my speed boat to 'super speedy'!!!

The peas have now gone! I gave them a taste of their own medicine by giving them a mash just like they tried to do to me in the book!! I have left the mushy peas for you so you can see that they are finally gone!!!

I arrived at your school during the night time so I didn't see you all. I am sorry but I had to dash off because I heard that Mountbatten School have had a similar problem and I need to help them now!

Thank you
Supertato
xxxxxx

On Superhero Day we make our own photo booth and pretend to fly over a city!!!

We help Supertato save the veggies from the evil peas!!!
