

March 2020

Dear Parents/Carers,

We are getting really excited about our animal topic and as part of our learning we would really like to see if your child can become an expert; focussing on one particular animal of their choice. The chosen animal can be a bird, mammal, reptile, rodent...whatever you like! 😊

Home Challenge!

Find out about any chosen animal!

You can show your learning in any way you like e.g. paintings, fact files, models, power point etc. However we would like you to include some writing as part of this e.g. labels, captions, lists etc.

Please encourage your child to use their phonics knowledge to complete their writing (we do not expect all words to be spelt correctly) but we do expect them to try their best and use their staying power! 😊

We would love to share your child's amazing animal work at school as part of our animal celebration dress up day on Friday 27th March, so please bring your creation in before Wednesday 25th March or put a photograph up on Tapestry if this is easier. We cannot wait to share them and learn about lots of different animals!

If you have any questions please do not hesitate to ask at the door.

The Year R Team
