

Outdoor Adventure Days-

15/16th March 2021

To kick off our next topic 'The Great Outdoors' We are going to have some very exciting outdoor adventure days. On this Monday and Tuesday the children will take part in a range of outside activities including; Fire pit, den building, bug hunting, welly walks, making their own bird feeders, mud painting, salt dough faces and looking at and making our own Andy Goldsworthy natural art work and planting bulbs in the garden.

Please could the children come to school dressed in practical clothes (which you do not mind getting too dirty!).

Please bring in empty/clean yogurt pots for our bird feeders and if you can help contribute bulbs to plant this would also be really appreciated.

Many thanks for your continued support

Foundation Stage Team
