

# Cupernham Infant School

*Together we care, we learn and we enjoy success*

**Headteacher: Mr. Duncan Wells**

September 2020

Dear Parents,

It is essential that children have a secure understanding of number, including counting by making 1:1 correspondence, recognising numerals and problem solving by using their mathematical knowledge.

Therefore we have made a 'Nifty Number' pack which is full of useful information that will help you support your child's number and SSM (Shape, Space and Measure) learning at home.

We will use these resources within school so this will be a valuable aid to continue your child's mathematical learning at home.

Please find enclosed:

- **Early number concepts** – ways to support different stages of number development
- **EYFS Number**- links to curriculum
- **EYFS Shape, space and measure** – links to curriculum
- **Number formation rhymes**
- **Number track – 0-20**

Please do not hesitate to email school if you need further information or support.

Many thanks,

Foundation Stage Team
