

DT – Fresh and Fabulous Fruit Smoothies

Overview:

In this DT topic we will be learning about different fruit and vegetables. We will be classifying them by looking if they have seed. Then we will be making our own fruit smoothies.

What I already know...

- I know that some food is healthy for me and some is unhealthy
- I can name some basic fruit and vegetables

By the end of this unit...

you will be able to:

- name different fruit and vegetables and understand how to classify them according to if they have seeds or not.
- recognise what I like the taste of and use this to design a fruit smoothie.
- design a fruit smoothie thinking carefully about which flavours would complement each other
- recognise and use equipment for cutting.
- use a knife safely and sensibly to cut fruit and vegetables.
- evaluate my fruit smoothie based from my design.

Key Vocabulary

fruit smoothie	classify	Fruit or vegetable
blend	compliment	flavours
design	slice	evaluate

Key Questions

What is the different between a fruit and a vegetable?

What flavours complement each other?

How do I use a sharp knife safely?

Is my design appealing?
